Claims Male Class – Claim Price \$3,500
Bahamas Metallica Status
ILR 298178
DOB 4/1/23
Male
Star Status Symbol X Solid Rock's Cassie

If you love silver, you will love Metallica! Future herd sire with a sweet temperament, gorgeous fiber and a potent pedigree. Metallica is balanced, correct and glides when he moves. In his first show as a yearling he placed double 2nd (ORVLA).

Metallica's sire "Stat" is one of the foundation males of the Lash's breeding program and that prepotency can be in your herd with Metallica. His dam, Solid Rock's Cassie comes from the Anderson's breeding program. Cassie is a heavy milker and top producer for me. I have retained 2 of her females and Bahamas Catawba is a herd sire for Henry Hills Llamas.

Don't hesitate this one is special! Visit BahamaLlamaFarm.com

Contact the owner (Information below) to Claim or get additional information regarding this entry. Animals can be claimed prior to the show and up to the class placings.
