WOL Chiri Rondo X D3E Lavender Lady

WOL's Legacy Phoenix is one of Rick & Mary Adam's last crias from their breeding program! Sired by their much sought after WOL Chiri Rondo line paired beautifully with D3E Lavender Lady, a large silvery blue suri female.

Phoenix has beautifully soft, white suri locks and he glides across the pasture with pose and presence. Phoenix has shown in the halter ring as a juvi and continues to do well in the yearling class.
