Male

Argentine Alonzo X Aloha Jerica Mouse

Looking for a dapper young man to train & show? Spacey Acres Llama Ranch is proud to offer SALR Excalibur. With solid conformation, thick Argentine legs & a sweet personality, "Cal" would love to join your pasture! The combination of his suri dam & Argentine sire produced a beautiful dense double fleece with luster.

Cal is on track to be a smaller to average sized heavy wool guy. We think he would make an excellent youth show animal & with his willing personality, a great performance partner. That being said, as he matures into an adult, you might also go the direction of using him as a breeding male. Time will tell as he develops and grows! Excalibur comes fully vetted & vaccinated & will have a fecal test performed just prior to traveling to The Gathering.

Contact the owner (Information below) to Claim or get additional information regarding this entry. Animals can be claimed prior to the show and up to the class placings.
