KVF Timone's Second Edition X SWLC Epic

I am very proud to offer "Armani" for your consideration of adding him to your program.

He is a super correct young male that is very striking. He is a black and white paint, and very upheaded in his stance. He moves out fluently and is very correct.

For those of you who know my females, he is the full brother to Ellie, and Indy. He is also the full brother to Chanel who I sold to Roxanne Christianson at the last March Madness. His sisters are big, and have had many compliments in the ring and outside. I have a very small program, and am very happy to have an offering.

He is also one of the last offspring available from "Second Edition" as Eddie is now gone, so these genetics are now very special.

Thank you for considering our genetics!
