

GHLC Abbi
ILR# 300288
10/29/2022
Guiness Draught X GHLC Ava

Abbi is a wonderful reverse appy silver llama. She was bred to GNLC Disco last summer and is due before sale time. Her perfect head and ears, straight body and calm personality will make her a great addition to an appy breeding program. She was full body shorn last summer. The Tunitas Creek bloodlines on her dam side are a very special and unique bloodline in my llamas.
