**Khaun RTC X Brooks Creek Halo**

**“Fetti” is sired by our boy, Khaun RTC and is out of our only Suri, Brooks Creek Halo. Mom is a Prime daughter, directly from Mary Jo Miller and is a consistent producer for our small farm. Delivering two very similar crias by Khaun RTC, both have Halo’s beautiful fiber & stature but very different color combinations from Dad. Khaun-Fetti features some nice Appaloosa markings as well, hence his name! Get it? Confetti!**

**His full brother has been gelded and is a farm favorite of Christine’s. His official capacity is farm-greeter and PR liaison.**

**Fetti is a dream to handle, an easy keeper and has been started in obstacles. He is conformationally correct and would make an excellent show partner, fiber animal or fancy pasture pet! He definitely has potential.**
